P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure imposed by 37 C.F.R. § 1.56 and § 1.97 to inform the Patent Office of all references coming to the attention of each individual associated with the filing or prosecution of the subject application, which are or may be material to the patentability of any claim of the application, Applicants hereby direct the Examiner's attention to the references listed on the attached form PTO 1449 entitled "List of References Cited by Applicant." Also attached are copies and English abstracts of the listed foreign patent documents. In the case of Netherlands patent document NL7515197, for which no English abstract appears to be available, an abstract of the corresponding UK patent publication is supplied. The references were cited in a European Search Report that issued on December 4, 2008 in the corresponding European application.

Identification of the listed references is not to be construed an admission of Applicant or Attorneys for Applicant that such references are available as "prior art" against the subject application. Applicant respectfully requests that the Examiner review the foregoing references and that the references be made of record in the file history of the application.

This Information Disclosure Statement is filed under 37 C.F.R. §1.97(b)(3) before the mailing of a first Office action on the merits. Therefore, no fee is believed to be due. Should any fee be required, however, please charge such fee to Jones Day Deposit Account No. **50-3013**.

Respectfully submitted,
